

U. S. REFUSES TO ACT AS REPARATION UMPIRE

BERLIN CORRESPONDENT HEARS A U. S. SENATOR IS TRYING TO GET FRIENDLY "EAR" FOR HUNS

VATICAN REPORTED TO HAVE REFUSED TO OPEN SUBJECT WITH AMERICA BECAUSE OF NO DIPLOMATIC RELATION VON SIMONS APPEAL CRITICIZED

By CARL GROAT

The German foreign office buzzed with activity today as high officials considered the next step in the reparations campaign. The American reply to the German reparations note was regarded as practically an American command to submit an indemnity proposal which France and Great Britain can consider. While Secretary Hughes stated that the United States cannot act as a reparations umpire the note was interpreted as final. It was believed also to hold promise of future mediation if the Allies would agree to it.

Germany's proposals to a country with which it is still at war was prompted by three considerations. They were:

"A United States Senator through an intermediary assured the Foreign office that Germany would have a chance.

Loring Dresel, American representative here, told Foreign Minister Von Simons last week that an appeal could not be considered as "wholly hopeless."

The United States government notified Dresel that none of the several indemnity reports had reached America. Germany assumed thereupon that America was awaiting some such a note open minded.

On the highest authority it can be stated that Germany is certain that no government will be created here which will agree to the "present demands of the Allies."

The identity of the "United States Senator" who suggested that a note would open up negotiations was not made known.

A conciliatory move by Germany was seen today in a note to the Allied Reparations Council offering to direct immediately the reconstruction of devastated France.

Washington—The United States will have a deciding vote in determining to what extent Germany shall pay for the war. This was indicated in Washington today following the receipt of a German note appealing to President Harding to mediate the reparations question and Secretary Hughes' reply rejecting the appeal, but urging immediate reopening of negotiations between the Allies and Germany for settlement of the problem.

Berlin—The American note refusing to have the United States act as mediator to determine the reparations was received early today. It drew a large crowd to the Foreign Office. Foreign Minister Von Simons was the center of a fight last night with party leaders who met to discuss the reparations problem. Von Simons was attacked by Phillip Scheidemann and others for his correspondence with America. Scheidemann said that the appeal was hopeless and would only bring future trouble for the country.

It was intimated today that Germany had invited the Vatican to act as intermediary in the correspondence with America. The Pope declined to act basing his refusal upon the fact that he had no diplomatic relations with the United States.

GENERAL APPROPRIATIONS BILL WILL GO BEFORE HOUSE. COMMITTEE REPORTS

Harrisburg—A general appropriations bill was reported out by Chairman McCraig today with cuts in the departmental items of approximately \$10,000,000. The bill now carries approximately \$55,054,272.09. It originally carried \$58,888,268.45. As cut the appropriations includes additional amounts of \$4,500,000 for fixed charges and includes \$2,000,000 which was not on the original bill.

WALL STREET EXPLOSION SUSPECT HELD AT SCRANTON GETS HEARING LATE TODAY

Scranton.—Whether he was implicated in the Wall Street explosion or not is a secret securely locked up in the mind of Tito Ligi as the suspect himself is locked up in the cell at police headquarters here today. Allowed to see no one, not even his attorney, the prisoner, an avowed anarchist and draft dodger, sullenly sat in his cell awaiting his hearing this afternoon before the United States Commissioner on a charge of evading the draft, the charge on which he is technically held. Several persons in New York are coming to see the man who is believed to have driven the wagon which was responsible for the death of 35 and the injury of 200 others.

HOW CLEARFIELD TEACHERS FARE UNDER NEW LAW

The Teachers' Increased Salary bill, which passed the House at Harrisburg, places Clearfield school district in the third class and the following wage schedule is provided for teachers in this class:

Six districts of the third class elementary teachers and elementary principals who devote less than one-half of their time to supervision and administration, minimum annual salary, one thousand (\$1,000) minimum increment one hundred dollars (\$100) minimum annual increments eight (8); high school teachers and high school principals who devote less than one-half of their time to supervision and administration, minimum annual salary one thousand, two hundred dollars (\$1,200) minimum increment one hundred dollars (\$100) minimum annual increments eight (8). Provided that where teachers in junior high schools have the qualifications required by the local school board for teachers of the senior high school, they shall be placed upon the high school schedule, otherwise they shall be placed upon the elementary school schedule, supervisors' minimum salary one thousand two hundred dollars (\$1,200) minimum increment one hundred dollars (\$100) minimum annual increments eight (8), elementary principals who devote one-half or more of their time to supervision and administration, minimum annual salary one thousand four hundred dollars (\$1,400) minimum increment one hundred dollars (\$100) minimum number of increments eight (8), high school principals who devote one-half or more of their time to supervision and administration, minimum annual salary two thousand dollars (\$2,000) minimum increment one hundred twenty-five dollars (\$125) minimum number of increments eight (8) superintendents minimum annual salary three thousand five hundred dollars (\$3,500).

NOON STOCKS

NEW YORK, April 22.—Twelve o'clock prices on the stock exchange today were: American Locomotive 86, Anaconda 39 1-2, Baldwin Locomotive 86, B. & O. 33 3-4, Bethlehem Steel B. 55 1-8, Central Leather 34 1-2, Crucible Steel 75 3-4, General Electric 136 1-2, General Motors 13 3-8, Midvale Steel 26 7-8, Middle States Oil 15, Oklahoma Producers 3 1-4, Pennsylvania 35 1-8, Republic Steel 68 1-2, extra dividend, Sinclair 26 7-8, United States Steel 81 5-8.

BILL HAYWOOD HAS UNTIL MONDAY TO REPORT TO PRISON

WASHINGTON, April 22.—The department of justice is without advice as to the present whereabouts of William D. Haywood, secretary of the I. W. W., who has been sentenced to a prison term at Leavenworth, Kansas. Louis J. Bailey, assistant director of the bureau of investigation, said last night. Reports indicate, however, Mr. Bailey added, that he is in Russia, possibly at Riga or Moscow.

As Haywood has until Monday to turn himself over to the authorities to begin serving his sentence, after the recent disposition of his case by the supreme court, Mr. Bailey said the department could not take steps to apprehend him until then. If Haywood does not show up Monday he said the department would use every means at its command to affect his return.

DRAUCKER WOODS AND MORRIS ROADS TO BE ADVERTISED

Commissioner T. R. Weimer, who has just returned from Harrisburg, where he was looking after county business, stated that he made a special trip to the Highway Department for the purpose of ascertaining the status of the highway construction in this county. After a conference with Commissioner Sadler, he was absolutely assured that the stretch of road between Salem and to a point beyond Draucker's Woods, will positively be put up for bids at the next letting. The Commissioner said that he saw this in black and white and that there is no doubt of the fact that this important improvement will be included in the next batch of proposals.

The Commissioner also stated that he had assurances that the stretch of road in Morris township, for which bids were asked for some weeks ago, and received, only to be rejected, will be up once more at the next advertising. The Commissioner was further advised that the state is making arrangements to advertise for the construction of the two bridges that were washed out below Clearfield.

It is particularly gratifying to learn that the stretch of highway between Salem and Draucker's Woods will be put up for bids. It will be recalled that this section was slated for early advertising but owing to some circumstances the project was not in shape until recently. This stretch includes 6 1-4 miles of road on the primary highway between DuBois and Clearfield. It is one of the largest single contracts in the county and there is no doubt of the fact that it will attract some of the largest contractors. Plenty of bidders is wanted on a project of this kind, so that the highway department will be able to secure a bid that is considered right. It is up to the good road enthusiasts of this section to urge upon all contractors to get busy and prepare bids just as soon as the advertisements are placed.

MADERA HOTELMAN DIES ON WAY HOME FROM FISHING TRIP

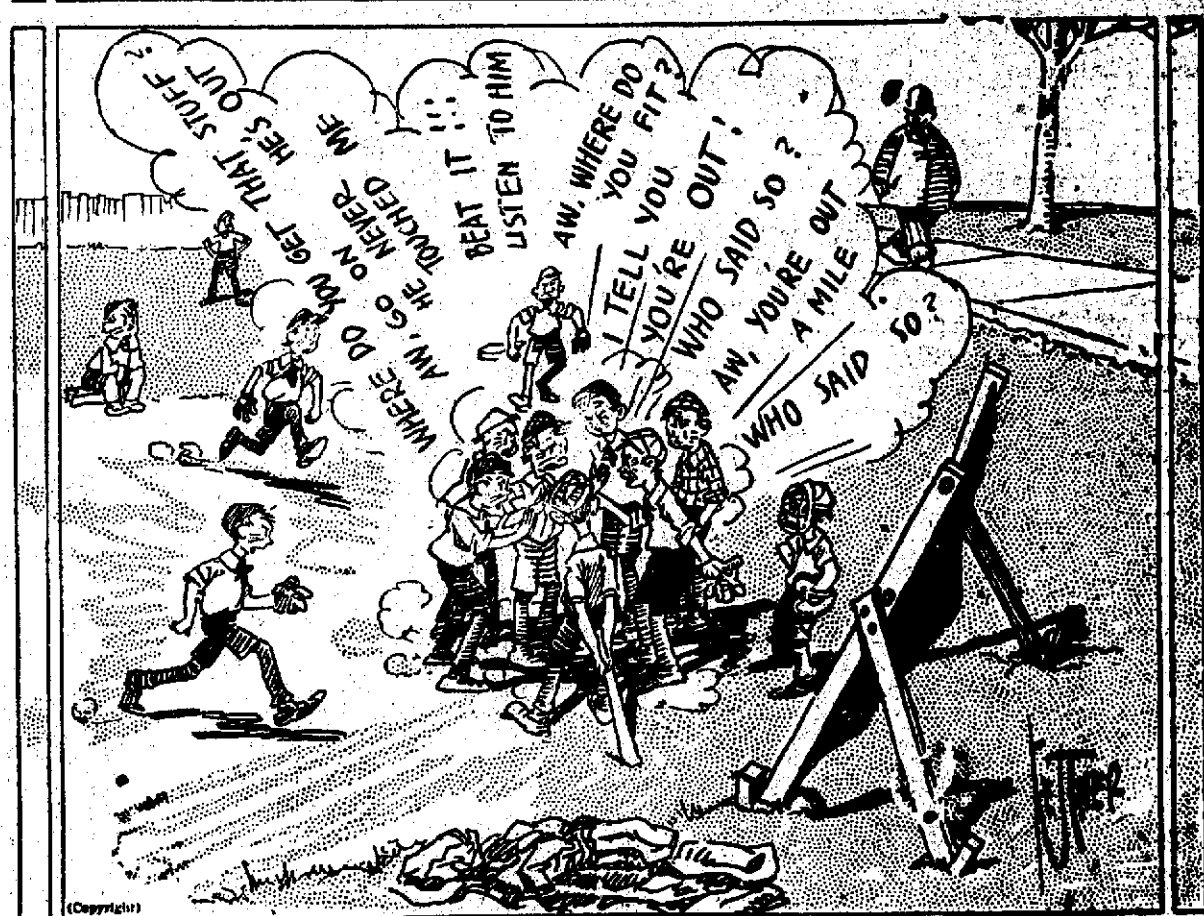

Benjamin Alexander, aged about 40 years, a well known hotel keeper of Madera, Pa., who was a member of a fishing party located at the Archy Simpson camp, four miles from Keating, Clinton county, was found dead in the woods not far from the camp on Monday morning by members of his party. Mr. Alexander left the camp Saturday at 7 o'clock in the evening, telling his companions he was not feeling well and believed he would go to the railroad station several miles distant and catch a train for Clearfield.

Several hours later when members of the camp started in the same direction, they found Mr. Alexander lying face downward in the path, dead.

CELEBRATES BIRTHDAY

A delightful evening was spent at the home of Mrs. Fred Sharpe on Margaretta street last evening, in honor of little "Teddy" Mahaffey Sharpe's birthday. The little fellow was one year old and had a pretty little cake with one small candle. He received many little gifts and "Daddy Peck," so proud of his little son, presented him with a little coat for the summer. We all extend our greetings to the little fellow and wish him many more happy birthdays.

Prairie Baseball League Opens

ROTARY CONTEST ON BOY SCOUT CAMP IS GUARANTEE THAT CAMP WILL BE BUILT

Ladies' night at the Clearfield Rotary Club brought out a total of about fifty members of the club, their wives and guests. President Ward O. Wilson presided over the assemblage in his usual capable manner and added much to the general success of the evening.

The business session was taken up with the discussion and disposition of a number of topics of public interest. Messrs. Howard Stewart and Philip Reed, Chairmen of the two teams soliciting assistance for the permanent camp of the local Boy Scouts, reported that they had thus far secured the names of ninety-seven persons who agreed to contribute \$5.00 annually for such purpose.

Mr. Reed then gave a scintillatingly brilliant exposition of Prof. Einstein's theory of "Relativity." He was so clear in his exposition of the same that the most dense among his auditors (and we were there) knew as much about the thing as he did when the speaker concluded. In fact his exposition of this all-absorbing problem and his appeal for first prize for his team was so effective that the team was awarded the prize alright, but it was marked "Second."

The Committee appointed to meet Superintendent F. E. McCormick of the New York Central, on the passenger station project, consisting of Messrs. G. Webb Shillingford, Hobart Callahan, George E. Zerfos and P. T. Davis, made report of their conference and asked for a little more time before making final report. Two propositions were presented by the New York Central, in addition to their agreeing to clean up the present structure and get it in better shape during the progress of the negotiations. The matter will be finally acted upon at next week's meeting of the club.

A letter was read from John Shade Post of the American Legion, asking the support of the Rotary Club for their Fourth of July celebration.

Mrs. H. J. Flegal, of the Civic Department of the Woman's Club, was introduced and explained the club's movement for cleaner streets and a more beautiful Clearfield. She stated that they hoped to have the merchants of the town clean up in front of their places of business every Saturday night before closing, and that the Council would be asked to have the streets thoroughly cleaned after that time, in order that the town would present a clean and wholesome appearance on the

NEARLY FOUR HUNDRED MILLION IS APPROVED FOR NAVAL APPROPRIATIONS

Washington — The naval appropriations bill totalling \$396,001,249.23, identical with the measure which passed the House at the last session, was reported to the House today by the Appropriations Committee. No provision for any disarmament is made in the bill. The amount allowed for continuance of the building program during the next fiscal year is \$90,000,000.

BOUNDBROOK, N. J. PANIC STRICKEN WHEN POISON GAS ESCAPES FROM TANK

Boundbrook, N. J.—Poison gas manufactured to kill Germans seeped over the southwestern section of Boundbrook today. Wild cries from fire sirens awakened the people between 3 and 4 o'clock. The phosgene gas escaped from a large tank filled with the poison at the Hemingway Chemical Company plant.

CARRANZA FOLLOWERS CAUGHT IN AN ATTEMPT TO OVERTHROW NEW PRESIDENT

San Antonio—Printer copies of plans of revolutionary proposals for May 5th in Mexico known as "plans for national reconstruction" and sponsored by 203 prominent Mexicans, formerly prominent members of the Carranza administration, were seized by government agents it was learned today. The men signed their names as leaders of the revolution. According to the papers seized Pablo Gonzales, formerly a candidate for President of Mexico, is to be given the task of leading the revolution.

MEMBER OF BAR DIES IN WEST

James Nolan, Esq., formerly of Chester Hill, and a member of the Clearfield County Bar, died at his home in Tekoa, Washington, on Friday, April 15th. He was seventy years of age and is survived by his widow and three children.

Sabbath morning. Music for the evening was furnished by the Susquehanna College of Music orchestra, while Prof. Wilhelm Augustus Brown, the club's official accompanist, presided at the piano while the Rotary songs were being "rendered" note from note.

President Ward O. Wilson announced that at next week's meeting Philip B. Reed would talk on "Business Today and Tomorrow," while H. J. Flegal will talk on "The Father's Responsibility to His Son" at the meeting to be held the following Thursday.

In the "Who's Who" contest among the ladies, Mrs. F. B. Kerr won first prize and Mrs. R. Grant Ross the second prize.

Editor G. A. Stewart also spoke on the clean-up campaign and to show he was in entire accord with the movement, promised to have that ash pile removed from in front of The Progress building.

CLEARFIELD MAN HELD UP AND ROBBED AT AKRON, OHIO

Charlie Carrick, a former Clearfielder, was held up and robbed at Akron, Ohio, Sunday night last, according to information contained in a letter to his sister, Mrs. L. D. Jacobs of this place. Charley is in charge of a gasoline and oil station in Akron, and Sunday evening last, while washing his hands at a sink in the station, a fellow slipped up behind him and told him to throw up his hands. Charley cast an eye back over his shoulder and noted the muzzle of a wicked looking revolver in close proximity to his ear, and up went the hands. The robber then tapped the till for \$32, and after shaking Charley down for \$9 more, succeeded in making good his escape.

Good Building Insulation. Corrugated cardboard of the kind used for packing cases can be used for insulating buildings against the cold, such insulation being particularly desirable in barns and poultry houses. The boxes are opened along the joints and flattened out, the material being applied with short nails and tin washers, such as used for the application of roofing paper.

Your Sunday Dessert

DINNER

ODDS AND ENDS
AND THINGS

"By Skinny"

Over in Belgium some weeks ago following a lover's quarrel, an 18 year old girl shot herself in the head in an attempt to commit suicide. The girl fell at the feet of her sweetheart and being tender hearted, he could not see the poor thing suffer and, according to his own story, secured the revolver and killed the poor girl to put her out of her pain and suffering. He told that tale to a Brussels jury and they decided he did a humane act, and acquitted the tender hearted fellow.

No wonder * * * * * want to emigrate to America from Europe, with the League of Nations working overtime.

Europe, exclusive of Great Britain, Russia, Turkey, Latvia, Estonia and Lithuania, has 3,328,000 men under arms. These colossal and surprising figures are based on the last available budget of each country as reported to the British War Office.

Of the nineteen countries included in the calculation, France leads with 800,000, and proposes to call up 200,000 more if the Allies decide to occupy the Ruhr Valley. Then comes Poland with 600,000. Spain, which is at peace except for African fighting, maintains 190,000, which is 43,000 more than Czechoslovakia with all her troubles. Greece has 250,000, and Rumania, burdened with the Bolshevik menace, 100,000. Germany is credited with 100,000.

According to the Interstate Commerce experts, it is no wonder the Pennsylvania and other railroads are running behind for cash under present conditions. Figures presented at last Tuesday's Interstate Commerce hearings in Philadelphia, indicated that it cost the Pennsylvania Railroad an excess of \$3,173,982 to have two hundred locomotives repaired between March and September, 1920, by the Baldwin Company, over what the same work would have cost the road in its own shops.

The figures were submitted by P. G. Eble, expert on accounts of the Interstate Commerce Commission. He also presented figures indicating the average cost per locomotive for repair work in the Pennsylvania's own shops would have been \$6,638, and that the average cost at Baldwin's for similar work was \$23,047.

President Samuel Rea, of the Pennsylvania Railroad Company, said there was no discussion of collective bargaining before the locomotive men's strike.

War's waste is illustrated by the recent sale of four 20-inch guns built for Uncle Sam's coast defense at a cost of \$100,000. The guns were sold at Fort Fisher on Tuesday and brought \$5,673 as junk. They weighed 610 tons.

Sadie Gerben Henzenveid de Kol, despite her name, a cow with a forty pound butter fat production in a seven day test, and known to Holstein breeders throughout the country, is dead at Appleton, Wisconsin. She was nine years old and was valued at \$35,000.

Whoever is curious to know why more than 3,000,000 men are out of work in the United States, why American agriculture is prostrate, why American railroads, in spite of their increased rates, are struggling to make both ends meet, is invited to study the foreign-trade reports for the month of March.

During that month the foreign trade of the United States declined \$700,000,000, as compared with the month of March, 1920. More than \$430,000,000 of this was in exports alone. It is reported from Washington that exports in many lines of commodities have practically ceased, owing to the inability of Europe to buy.

Overdoing It

The man who lays by a borrowed umbrella for a rainy day is altogether too thrifty.—Boston Transcript.

Getting something for it
If you have a lot of old junk, don't throw it away and feel wasteful; give it away and feel charitable.—Boston

PROPHETIC MESSAGES
Rev. E. A. Coray of Pittston, Pa.

WILL DELIVER

Ten Messages

ON THE

Prophetic Element

In The

BOOK OF REVELATION

AT THE

Christian and Missionary Alliance

Susquehanna College of Music Auditorium, Clearfield, Pa.

Sunday, April 24th to Sunday, May 1st, 1921

Mr. Coray was for ten years a member of the Pennsylvania Legislature, the most relentless foe to ring rule and corrupt politics the state had. His exposition of the Bible is as strong and fearless as was his fight against corrupt legislation.

TOPICS

Sunday, April 24, 3 p. m.—"Enoch and the Church of Philadelphia" 7:30 p. m. "The Mystery of Lawlessness."

Monday, April 25, 7:30 P. M. "The Light of Scripture on a League of Nations" this evening service will be held at First Baptist Church.

Tuesday, April 26, 7:30 P. M.—"The Rise of the Anti Christ"

Wednesday, April 27, 7:30 p. m.—"The Opening of the Bottomless Pit."

Thursday, April 28, 7:30 P. M.—"The Return of Moses and Elijah to Earth."

Friday, April 29, 7:30 P. M.—"The Reign of the Anti-Christ."

Saturday, April 30, 7:30 P. M.—"The Woman Seated on the Scarlet Beast."

Sunday, May 1, 3 P. M.—"The Fall of Babylon."

Sunday, May 1, 7:30 P. M.—"The Battle of Armageddon."

In other places where these messages have been given they have attracted a large and enthusiastic hearing.

COME!

One Year \$5.00 Three Months \$1.50
Six Months \$3.00 One Month50

By Carrier 12 cents per Week Payable to Carrier

Entered at Post Office at Clearfield, Pa., as second class matter.

The Civic Department of the Woman's Club, the Board of Health, School Authorities and Borough Council have entered into a combine to bring about an effective clean-up of Clearfield.

The clean-up week recently ordered under the direction of the State Health authorities was a little too early for this section and while some good was accomplished the work done was not sufficient to make our town the "city beautiful" it should be.

To remedy this and get the town in real clean, healthy shape Friday and Saturday April 29 and 30, have been selected by the joint civic combination noted in the opening paragraph and an effort for a real clean-up will be made.

The Borough Council will provide their team and several trucks will also be on hand on those days to carry away the rubbish and debris gathered together.

The town will be districted and an effective organization perfected for an intensive effort and the assistance and cooperation of all good citizens is asked.

Remember the dates and prepare to get busy.

ROSS & WOODS

FEW FOLKS HAVE GRAY HAIR NOW

Well-known local druggist says everybody is using old-time recipe of Sage Tea and Sulphur

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe. Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally and evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.

This is the one store in which he can get nothing less. This is the store which backs the best quality and the best value with the best service.

LYTLE BROTHERS

As a Modern Filipino Actually Looks

There are hundreds of thousands of this type of young men in the Philippines. They are to be the future rulers of the destinies of the islands.

The Filipino has been much misrepresented in the United States. This is largely because the Sunday supplements have made a specialty of portraying the semi-civilized non-Christian tribes as "typical" Filipinos, which is far from the truth. The total population of the Philippines is 19,336,430, of which 9,493,372 are Christians and civilized, and have been so for 250 years, possessing a culture and refinement that will compare favorably with that of other countries. The number of non-Christians is 9,843,058, and only a small percentage of them are uncivilized. They are fast becoming educated, and will ultimately make good citizens. Seventy per cent of the inhabitants of the Philippines over ten years of age, according to the last census, are literate. This is a higher percentage of literacy than that of any South American country, higher than that of Spain, and higher than that of any of the New Republics of Europe whose independence is being guaranteed by the Allies.

A PLAIN BUSINESS MATTER

Making your Will and naming an Executor is not a solemn matter to be approached as though your death-bed lurked around the corner.

On the contrary, it is a simple precaution, no different in principle from planning any other business matter ahead of time.

Safeguard your estate NOW by having your attorney draw up your WILL, naming the company to carry out its provisions.

No, but wait till you see the parade and hear the band. 4-22-12c

FRECKLES

Now Is The Time to Get Rid of These Ugly Spots

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove freckles.

CARD OF THANKS

We wish to thank the many friends for their kindnesses during the illness and death of our father and grandfather, Mr. Charles Fullington.

SONS and DAUGHTERS.

Sure Indication. Marker—"I think the gift is off the gingerbread as far as the marriage of the Newweds is concerned." Quiser—"Why do you say that?" Marker—"Mrs. Newweds has started eating onions again."—Answers, London.

Miss Gladys Willis and Rev. Harper

Charles Conrad who was working on the State Highway, below town, bruised his left hand in some manner. The injury within itself was slight but blood poisoning developed, and in consequence he is having quite a serious time with it.

Fishermen who have been trouting out on the mountain streams on the "barrens" and beyond, report seeing a number of deer, some of them being so unafraid that they will walk up to within a few feet of human being. Now would be a good time to throw salt on their tails—if they possess such an ornament—and catch them for a pet.

"Mussy" Watt holds the button so far as having caught the largest trout, he having brought one in the other day which measured a trifle over fifteen inches in length.

Already Curwensville has three ball teams organized, and the end is not yet. Practice is going on every day at the Athletic grounds.

Wednesday night Mr. Samuel Smith son of Mr. and Mrs. Doc. Smith, of South Side, was united in marriage at DuBois to Miss Jennetta Snedden, of that city, one of that town's ministers performing the ceremony. The groom is an ex-service man and was gassed while in action. The effects from which he has not fully recovered to this time. He is an industrious young man, and will make a model husband. The bride is formerly from Glen Richey, her parents removing to DuBois several years ago. She is a fine young lady and will make the man whom she wed a fitting helpmate. Both these young people are well and favorably known to Curwensville people, who will wish them nothing more nor less than unalloyed happiness and prosperity as they travel hand in hand along through the rugged journey of life.

The funeral of Mrs. Annie Buck will be held on Saturday afternoon, in the forenoon a short service will be held at the home of her only son, Frank McMaster's, on Ridge avenue. Rev. Dr. Collins offering a short discourse. The body will then be transferred to the Presbyterian church at Koroosor, where the regular service will be held. Rev. Collins to preach the sermon. Interment of body in the Walts Cemetery. She was born on October 22, 1877.

Workman's Cash Stores

Babylonian Division of Time.
The Babylonians gave us an hour with 60 minutes. They divided the sun's path into 24 parasangs, a measure equal to about four and a half miles, or the distance a Babylonian soldier could hike in an hour with full pack. The astronomers of that day somehow worked it out that the sun made the same progress. They divided the sun's whole course into 24 parasangs, or 360 degrees, each parasang, or hour, being divided into 60 minutes, and then having fallen on evil days they handed the system down to the Greeks, who passed it on.

Scriptures in a Nutshell.
Peter Bales, a scholar of Queen Elizabeth's time, lives in the Harlequin Manuscripts at Oxford for having written the Bible in so small a hand that it was enclosed in a walnut. "The nut holds the book; there are as many leaves in his little book as in the great Bible, and he hath written as much on one of his little leaves as on a great leaf of the Bible."

WIRELESS STATION AT LEITZINGER'S INTERESTING PLACE

Ted Leitzinger, the local wireless expert, is entertaining his friends these evenings in his "wireless studio" on the fifth floor of Leitzinger Brothers' Store. Ted has a fine wireless phone receiving apparatus and almost every night has a party of friends up there listening in on the world's endless doings. They enjoy musical concerts, hear a lot of maritime conversation and orders and are entertained generally by snatches of conversation "grabbed" right out of the air and brought down to earth and the eager listeners through the several bearing devices in Ted's possession.

Monday afternoon Ted mailed a Pathe record to the wireless operator at Arlington station, Washington, D. C., and last evening his assembled listeners had the pleasure of hearing the operator say, "the next record we play is donated by F. A. Leitzinger, of Clearfield, Pa., thanks for record, Mr. Leitzinger." Then they listened to the record. It sounded just as tho the phonograph was located in the next room instead of more than 300 miles distant.

Ted is not stingy with his "open air music," and if you desire to listen in on one of the wonders of the 20th century, go up to the studio with him any evening.

INDIANA COUNTY WILL GET FINE STATE HIGHWAYS

The State Highway Department has expressed its determination, recently arrived at after much consideration, to authorize the construction of forty miles of modern, improved highway in Indiana county. The construction will be made on a diagonal line through the county, beginning at Clarksburg, running thru the County Seat and terminating at the Clearfield county line. The road when completed will connect with other improved highways throughout the district and will add another link in the Highway Department's plans—that of connecting each county seat in the state with a permanent, all year road.

The Indiana Co. Commissioners have been notified that orders have gone out to the engineering forces to be ready at once to take up the surveying of the cross-county highway and that the route to be used is still a matter of serious consideration, but with a decision coming shortly.

Formal announcement of the State Highway Department regarding the time for actually starting the work and the route which the cross-county highway will take are awaited with much anticipation. That the route will be to the best interests of the county residents as a whole, is assured from Harrisburg and it is felt sure that the county folks will agree with the ultimate decision.

For SIDING use Carey LASTILE ROOFING

Ask yourself, "Why won't a material that stands direct rain, direct sunlight and direct wear on the roof of a building, last even longer when subjected to indirect wear on the sides?"

The answer is—it will.

It makes the most enduring and beautiful siding for garages, farm buildings and all buildings to which weather strips can be applied. And it cuts the cost of the building.

A more beautiful roll roofing than Lastile has never been made. Lastile has the spark resisting, water-proofing, enduring qualities a siding should have, and it has the looks.

It is surfaced with red or green crushed slate giving a LASTING, TILE-like surface. The slate is fadeless in color and therefore requires no painting and is always attractive to the eye.

HUNDREDS CARRIED FREE TO KEEP JITNEYS RUNNING

Camden Drivers Who Lost Their Bonds in Defunct Company Offer "Rides Without Cost at Own Risk" and Are Rushed by Number of Passengers

Residents of Camden and Philadelphia business men had taken out bonds averaging \$500 each with the defunct organization. When a receiver was appointed for the company, its bonds automatically were canceled. James McCran, State Attorney General, yesterday notified Morris Odell, Camden City Clerk, that the busses bonded by the company must stop running until new bonds were obtained.

Information to that effect was communicated to the jitney men late yesterday afternoon by Walter Simpson, Camden autobus inspector. They inquired whether they could continue operating their machines if they hauled passengers without charge. Simpson said he believed that was all right.

The failure last week of the State Mutual Insurance and Liability Co., of Newark, was responsible for the generosity of the jitney operators. That company bonded most of the jitneys in New Jersey. Half company.

No policy holder of Helmbold insurance because we failed. forced to buy other insurance we failed.

Hide the Speedometer
Then Judge Speed by Comfort

Where the law permits, make a speed test of the MARMON. Cover the identical test with other cars. Note the difference.

Observe how the MARMON holds the road at higher than usual speeds. How little vibration there is. Note the lack of side-sway. See how easy the MARMON rides over rough roads.

Then check the results of your comparisons on the MARMON Score Card, test 5. And while you're making this test, try the cars on "second," noting at what speed vibration becomes evident.

MARMON welcomes every decisive test of performance. And that's the only way to compare cars nowadays. Checking over specifications is out of date.

Complaining, Fretful Women ARE NOT TO BLAME—THEY ARE SICK

THE SUFFERING OF MANY WOMEN IS ENOUGH TO MAKE THEM CARELESS AND QUIET. In some or less constant pain, nervousness, indigestion, loss of appetite, constipation, and other ailments, they know that their strength is gradually being worn away and their peace of mind is being destroyed. They are victims of a curable condition. Do not blame and criticize such unfortunate women. Help them by giving a rational, sensible remedy.

PE-RU-NA
HAS SAVED COUNTLESS THOUSANDS FROM WORSE THAN DEATH

The health building effects of this medicine are soon manifest in improved digestion, better color, freedom from pain. The blood, freed of impurities, dispels the congestion and inflammation of the sore and irritated mucous membranes. Keep the body purged of these evil influences, and any woman will be healthy. With fresh good sense of mind, a sunny disposition and the will and ambition to be up and doing.

The harmony and happiness of thousands of homes have been preserved by the timely, intelligent use of Dr. Harman's Famous Cathartic Pe-Ru-NA.

Uncle Walt's Story

THE DESIRABLE HUSBAND

"JEMIMA BINSWANGER was in luck when she captured Tobias Todmarsh," observed the druggist. "Tobe will make a perfect husband, or I miss my guess. He has no bad habits, and he is a money-maker, without being a tightwad. She will be able to bank in the lap of luxury the rest of her days."

"Of course that ought to make her happy," commented the village patriarch, "but I doubt whether it will. I have heard a lot of people speak of the marriage of these two, and they all

take the same view; Tobe is a good citizen and a money-maker, and consequently he ought to be a first-class husband. Some of the citizens who talk this way are venerable married men, and they ought to know better.

"Of course a woman likes to have plenty of money, and unlimited credit at the stores, but the man isn't properly educated who assumes that she will be satisfied with that. I am not the official forecaster, and I haven't my goosebone with me, but I venture to predict that the marriage will be a dismal failure. Tobias, with all his excellent qualities, is the most close-mouthed man in town, and if he ever had an emotion he probably took it for a chill, and began dozing himself with quinine. There's as much sentiment in a concrete hitching post as there is in that man."

"Jemima, on the other hand, fairly sobs over with sentiment. She's a languishing sort of girl, who looks upon herself as a vine, and will wait her husband to be a sturdy oak, so she can wind herself around him, as it were. She will expect Tobias to tell her, four thousand times a day, how much he loves her; and every time he takes a chair she will climb on his knees and push her topknot into his face, and expect him to assure her in burning language that he simply couldn't live five minutes without her. "When that sort of a girl gets the right husband, my friends, she is an

excellent wife. She would make any sacrifice for him. She wouldn't care a penny about the size of his bank account. She'd be perfectly willing to live under a bridge with him, and wear a hurlup gown, if he'd only keep on telling her that she is the entire solar system where he is concerned. It is a tragic fact that this sort of girl seldom does get the man she ought to have. She should spice up with a half-baked poet, or a hungry artist with long hair, but there is much irony in human lives and destinies, and so she usually marries a man who is strong on mathematics and short on sentiment."

"That's the mistake Jemima is making. Why does she marry such a hard-headed individual as Tobias? Because, like all her kind, she is a dreamer of dreams, and she has given him attributes which don't belong to him. She has framed up a character for him, and it isn't a bit like the real goods. When she has been married a little while she will see that her blueprints and specifications were all wrong, and the disappointment will make an old woman of her, and her temper will become warped and she'll be so disagreeable in every way that her husband will spend most of his time thinking up excuses for staying away from home."

"That's the way with a sentimental girl; if she happens to marry a man who appreciates the poetry of her nature, she is the best thing that ever happened. She looks young when she is seventy years old, and her whole career is one long basket picnic. But if she marries the wrong man, which she does in ninety-nine cases out of a hundred, she loses her grip as soon as she finds that her dreams were all moonshine, and then she develops into a shrew."

"Why does Tobias marry Jemima? That's the real problem. He's so clear-sighted in most things he should be able to see that she isn't the wife he needs, but men have blind staggers when they think they are in love."

No Case, but Got a Bill.

Angry Man—Here, what do you mean, sending me this bill for \$10? Didn't you say that I had no case against the railroad company?

Lawyer—My dear sir, that is what the bill is for—advice.—New York Central Magazine.

Runs Either Way.

"Are you a bull or bear in Wall street?"

"Neither," replied Mr. Dustin Stax. "When I'm on the trail of a sure profit I'm a bloodhound; and when I'm scared, I'm a rabbit."

Misleading Start.

"When a man begins a sentence with 'I understand—'"

"What then?"

"He usually proceeds with an effort to discuss something of which he has no understanding whatever."

Victory for the Legion.

The closing of the United States public health service hospital for tubercular ex-service men at Markleton, Pa., by order of Assistant Secretary of the Treasury Ewing La Follette, is regarded by American Legion officials as a great victory for the ex-service men's national policy in regard to disabled veterans. This hospital was first denounced as an improper place for the treatment of tubercular ex-service men by F. W. Galbraith, Jr., national commander of the American Legion, in a speech in Philadelphia last November. His stand followed numerous investigations made by government authorities, and a public appeal from 96 tubercular veterans being treated there.

First in Membership Contest.

In the first published list of leading posts in the Kansas membership contest of the American Legion, Cal Mathewson post No. 280 of Edmond, Kan., takes first place. Next in order are the Legion posts at Sterling, Elkhart, Weir and Logan. Seventy-eight posts in Kansas have already passed their 1920 membership, while ten posts have no delinquent members.

Supreme Court Justice Defines Kind of Delegates to Send to Convention.

Philadelphia. — "There are 8,720,000 people in Pennsylvania and the framing of a constitution for that kind of a Commonwealth ought to be in the hands of experts," said Supreme Court Justice William I. Schaffer today in discussing the bill now before the Legislature providing for a constitutional convention.

Justice Schaffer is anxious to impress upon the voters the prime importance of their choice of delegates to the convention upon which will devolve the weighty duty of formulating a new fundamental law for the Commonwealth of Pennsylvania. If the Sprunt-Crow constitutional convention bill passes the Legislature the voters will be called upon to elect delegates to the convention at the coming September election.

"I do not think," said Justice Schaffer, "there ought to get into a constitutional convention people who are uninformed on the question any more than there ought to get into the association of engineers who are building the Delaware River bridge, men who know nothing about the science of bridge building, because it is just as important that the constitution, which is to be the bridge that is to carry the state for another five decades on the governmental side, should be framed by people who know as it is that the Delaware River bridge should be built by men who know the science, mechanics and physics of strains and weights."

"Here in America the thing that typifies authority for us in our Constitution, the Constitutions of our States and the Constitution of the United States. If the Constitution go down there is only one possibility in government and that is in the realm of the absolute, because it would mean a dictatorship for force. In the final analysis that is what it does mean if you have no Constitution. Consequently we must keep our Constitutions up to date with our needs."

With a Proviso.

"Dodging automobiles is a healthful exercise," says a physician. If you are successful in the dodging.—Boston Transcript.

You become a good conversationalist the moment you halt your own tale of woe and start listening closely to the other fellow's.—St. Joseph Gazette.

Soup Solo.

A little girl was annoyed by her mother's inhalation of her soup. She became restless and finally in spite of elders present at the table, she said: "I hear you enjoy your soup, Ma."—Lawrence Telegram.

Credit Must Be Immaculate.

Credit is like a looking-glass, which when once sullied by a breath, may be wiped clear again; but if once cracked can never be repaired.—Walter Scott.

Try a Want Ad.

SUDDEN DEATH

Before an Insurance Company will take a risk on your life the examining physician will test your eyes and report whether you are a risk. When your kidneys get weak, sick-headaches, dizzy spells, twinges and pains of lumbago, rheumatism and gout, or sleep is disturbed two or three times a week, take heed, before too late!

You can readily overcome such conditions and prolong life by taking the advice of a famous physician, which is: "Drink plenty of pure water and drive the uric acid out of the system by taking 'An-uric.' In tablet form." It was the discovery of Dr. Pierce of the Jay's Hotel, New York. If you cannot obtain it at your drug store send him 10 cents for this package "An-uric." Ask for An-uric (anti-uric acid) Tablets.

Make your Improvements before the Rush Comes

Everybody is getting ready to build, rebuild and repair. Very soon the big rush will be on. Labor and materials will be tied up. Avoid delays, worries and expense by starting your work right away.

And plan to do it right—permanently. Use concrete—fireproof, sanitary, everlasting—requires no painting, no repairs.

Come in and talk over with us what you have to do. Let us give you a useful Service Sheet of suggestions and directions for

Driveway
Small Bridges
Culvert
Storage Cellar
Spring House
Manure Pit
Barns and Silos
Poultry House
Fence Posts
Gates
Porches, Cellar and
Stable Floors

or any one of 20 other improvements.

Call, write or phone us for the sheet you want.

Nature's Medicine

Two teaspoonsful in water three times a day

- makes you feel better!
- makes you eat better!
- makes you sleep better!
- makes you work better!

It is called Nature's Medicine because it is purely vegetable and is composed of the most beneficial roots, herbs and barks known to science.

Over 20,000,000 bottles sold in six years

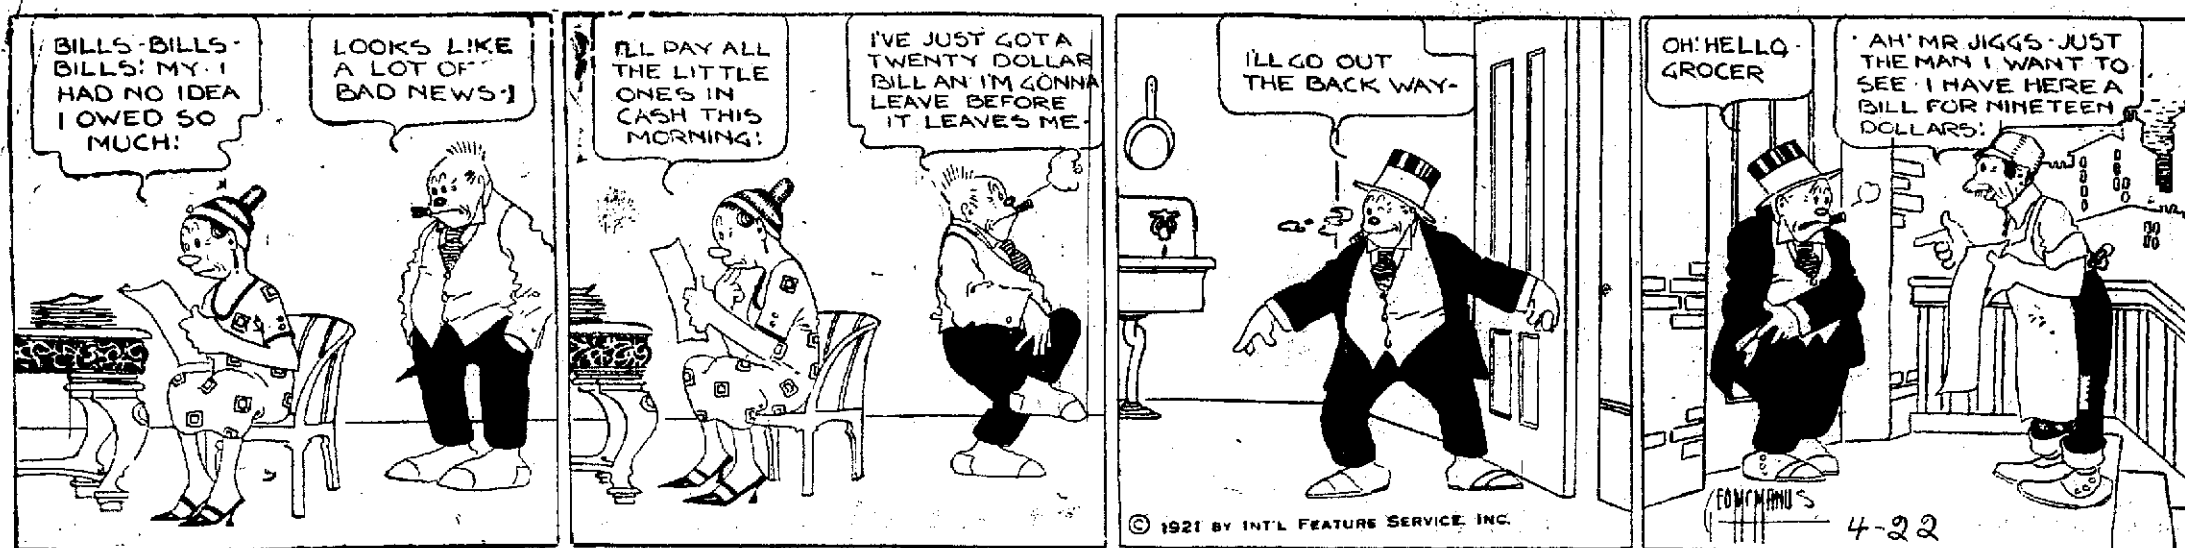

The United States Government Official War Films

Will be shown 4 times daily, Monday and Tuesday afternoon at Liberty Theatre at two and four o'clock. Evening at seven and nine o'clock, on account of the great number of people who desire to see these wonderful films of the American soldiers on the Western Front. We advise all who can to attend the afternoon exhibitions.

BEAHAN'S

MRS ARCHER JURY

Our dear darling sister now has run her race, and the angels came and took her, and her little one. But she left eight to follow her in future years to come, and her dear honest husband to mourn her sudden taking away. Thank God for the kind friendship of neighbors and friends, and we will trust in God to meet her where parting is no more.

God bless us all in this world till our last dying day has come. Thank God for strength to print this to show our goor respect.

By her sister,
Mrs. CLARENCE HUMMEL.

Excellent Tailoring and Good Lines Distinguish These Suits

Time tables having regained their old appeal, women of all ages are eagerly searching for Suits that will survive the rigors of traveling.

Modish Suits of tricotine, tweeds, homespuns and Golfex, fill every need of tourists for their fabrics do not crease easily and at the same time they are extremely modish.

\$19.75, \$25.00, \$29.75 \$39.75, \$48.00, \$58.00 to \$25.00.

CAFFETA FROCKS IN ALL THE LATE STYLES

For
Women

\$25.00

For
Misses

They are afternoon Frocks, but so captivating in style that we feel sure many women will want to wear them on the street the first day the weather permits one to go without wraps. There isn't any reason why they shouldn't either for the styles are all quite simple even if they are up to the minute and ultra smart. The colors are sensible, too—navy, brown and black.

Eyelet Work, embroideries, beading, self-sashes and puffings are outstanding trimming features. Early selection is advisable.

COATS VARY A GREAT DEAL IN LINE

Yet Prices Are All Decidedly Moderate

Cape Coats, Wraps and Capes designed to be worn during the dressier occasions of Spring and Summer are fashioned of soft woollens—chamette, Ramona, Evora and Veldyne—and they have all the clever style individualities which make discriminating women choose one garment in preference to another. For motoring and general knockabout wear are sturdy Coats of plaid check and plain Polo cloth, homespuns and other serviceable materials. Belted and unbelted most of them have gracefully flaring hems.

\$17.50, \$19.75, \$25.00, \$29.75, to \$97.50

A. W. Leonardson Co.

No Coffee Pot Waste— If you use G. Washington's Coffee!

Each cup is made to order at the table. No coffee pot needed. Dissolves instantly. It is estimated that twenty-five per cent. of all bean coffee made is wasted. Each can of G. Washington's Coffee is equivalent to ten times its weight in roasted bean coffee.

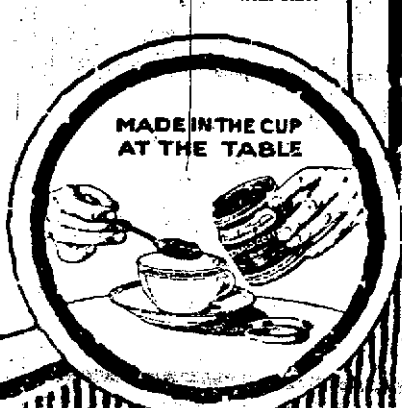

Measure the cost by the cup—not by the size of the can

Always delicious, healthful and economical. Recipe booklet free. Send 10c for special trial size.
